

News Release

Acquisition of Brig-Chem Industries Ltd.

January 31, 2007

CEDA International Corporation ("CEDA International") is pleased to announce that effective Wednesday, January 31, 2007, CEDA acquired all of the shares of Brig-Chem Industries Ltd. ("Brig-Chem").

Brig-Chem was a CEDA dealer prior to the acquisition. Brig-Chem provides industrial maintenance services in the Medicine Hat area, primarily winter heating, high-pressure water cleaning and chemical cleaning. Brig-Chem employs approximately 10 non-union employees. As a CEDA dealer, Brig-Chem has an excellent reputation for quality work, a strong track record of employee safety and customer satisfaction.

The acquisition of Brig-Chem provides an ideal opportunity to grow the business in Medicine Hat and the surrounding areas by offering more services to existing customers and expanding the current customer base.

CEDA International welcomes Brig-Chem and its employees to the CEDA family.
